Subject: RE: Request consent to file declarations of approx. 10 plaintiffs in Newdow v. Roberts

Bob:

Thank you for your e-mail. As we just discussed on the phone, and in light of Local Rule 65.1, the federal defendants do not consent to the filing of any declarations as part of your client's reply brief. To that end, the federal defendants reserve their rights to oppose and/or move to strike any such declarations.

Request consent to file declarations of approx. 10 plaintiffs in Newdow v. Roberts. The declarations will state, among other things, that the plaintiffs intend to watch the 2009 Presidential Inauguration either in person or on the TV.
